* Attached is a sheet of questions that ask you for some comments about adult learning

We appreciate your support of Adult Learners' Week 2009 no matter how brief (or extensive) your thoughts on the subject of adult learning are. **Please do not feel that you have to answer all questions!**

The questions are presented as a guide only. Please attach a separate sheet, or write on the back of this one, should you require more space for your answers, or should you wish to say something about adult learning that is not addressed by these questions.

Are you involved in adult learning? If so, how has it added to your life?

What new skills do you still wish to learn? (eg. a new language, cookery, jazz ballet, computing skills...)

Why is lifelong learning important?

What more does Australia need to do to become a clever country?

Any message of support for Adult Learners' Week?

Thank you for your support of Adult Learners' Week 2009
